Fight Fans Are Getting The Dope

As the day, or rather night, approaches for the great scrap for the middleweight championship of these islands, much speculation is being indulged in as to which man will pull down the big end of the purse.

Both the boxers have, of course, got their own followers who swear that their man cannot possibly lose the fight, and the confidence of the different "stables" is sublime.

Still, there is an undercurrent of anxiety to be observed among the various sports who are in the habit of betting a new hat on the result of a big fight in this town. This coming fight is a more open affair than any that has been pulled off in Honolulu for some time.

Cordell, although an unknown quantity to the great majority of the fans of Hawaii, has become very popular among the sporting section of the public and has a host of backers who cannot see how Sullivan has a chance of putting it over him. In fact they aver that the Coast man will give the Honolulu champion all that is coming to him and a bit over.

And then to listen to Sullivan's bunch as would think the fight was as good as won and the referee's decision given in favor of the local man. Sullivan's admirers won't listen to a word suggesting that Dick might be like the pitcher and go once too often to the wall, and simply scorn the idea that Cordell will give the idol a hot time in the squared circle.

And to the casual observer the fight promises to be a really good one, and one that will be devoid of any suggestion of being one-sided, as some fights in the past have been.

Cordell is a man who did remarkably well as a lightweight before he blossomed out into the middleweight class, and as he carried all his cleverness from one division to the other, he is doing something that not many men do, viz., making good in the different classes. He will go up against one of the best men he has met so far when he faces Sullivan, and it remains to be seen whether he can stay with our champion.

Sullivan has answered all the questions ever put to him in this town in the way of fight, and always managed to come out on top or very near it. He is a natural born fighter and has a left that carries sleep in it all the time. Should he connect with Jack's point once the scrap will be all over.

After the Sullivan-Peterson affair people got a bit sick over the fight game in Honolulu and now everybody is looking forward to a very different scrap, and one that will appeal to them as a clean, fair fight. And may the better man win.

CHALMERS-DETROIT CAR MAKES SPLENDID RECORD.

News has just been received by E. O. Hall & Son, Ltd., of the latest victory of the Chalmers-Detroit "30."

The race was for the Indiana trophy and was run over the Crown Point-Lowell course of 232.67 miles on June 18. It was a light car race, the winning car being a regular stock "30" chassis and motor stripped for racing. Joe Matson drove the car very consistently, averaging 51.5 miles an hour, or 4 hours, 31 minutes, 21 seconds for the whole distance, a remarkable performance, considering that the course was very rough on the turns and for miles on the home stretch. He started last and finished 7 minutes, 42 seconds ahead of the second car. Only once did he stop, and then for less than a minute, at the beginning of the ninth lap, for gasoline and oil. He led every lap except the first two.

The following cars were competitors of the Chalmers-Detroit in this race: Corbin, Buick, Marion, Locomobile, Fiat, Moon, Stoddard-Dayton.

Both on Their Feet. — Calumet, Mich., June 22.—Eddie McGorty of Oshkosh and Art Allard of Lake Linden fought 10 hard rounds to a draw here last night. McGorty had the better of the last six rounds, but the agreement before the fight was that if both finished on their feet it would be declared a draw.

MOTOR CAR JOTTINGS.

An "automobile log book" is being kept by J. B. Sandeur of Little Rock, Ark., and he announces that for the three months between March 5 and June 5 it shows the breaking of all records for motor car performance in Arkansas. He records the making of "2,054 miles, using ninety gallons of gasoline, averaging 22 1/2 miles to the gallon, carrying one to five persons making all day and country roads for twenty miles around Little Rock." There was an eighteen horse power Franklin touring car of 1909 model. There was no expense except for gasoline and oil, for which the expenditure was \$25, or 1 1/3 cents per mile, with an estimated average of one-half cent per mile per passenger. In a summary of the three months' work Mr. Sandeur says:

"Perfect score; no mechanical troubles; no repairs; no adjustments of any nature; motor has never missed an explosion and developing more power and running better and smoother now than when new."

The Franklin touring car which recently covered with a perfect score the 700-mile course over Michigan roads in the Detroit endurance and reliability contest has been acquired by W. K. Kellogg of Grand Rapids. It is a five-passenger car of 1909 model and has twenty-eight horse power.

FRANKLIN-LACHANCE SCRAP CALLED OFF

The boxing contest between Franklin and Lachance, which Joe Cohen was hopeful of fixing up, will not come off as the sailor cannot get liberty for Saturday night. Franklin also thinks that the notice is too short for him to get fit, and he does not want to step into the ring half trained, and thus make a bad impression on the fight fans.

However, there is such a good program arranged that the go between the lat from the Antipodes and the St. Louis scrapper will not be missed much. Everyone would like to see the Australian in action, and maybe a little later on he will be matched with some gentle pug who will stand up to him and show his paces.

Bostonian Wins in London.—London, June 22.—D. P. Rhodes of Boston in the lawn tennis championship contest being conducted at Wimbledon today defeated A. W. Andrews, 6-4, 6-4, 6-1.

TWO CHANGES MADE

By reason of the reduced appropriation for the operation of the Treasury Department, two men will lose their positions, George Smithies, deputy insurance commissioner, and Colonel Gas Rose, the license clerk. Acting Treasurer Hemenway yesterday informed the men of the termination of their services, as he did not wish the unpleasant task to fall on the shoulders of the new Treasurer. No other changes are anticipated in that department for the present.

Jack Johnson Is Mad With Kaufman

Jack Johnson said lately that he is through with the giant California blacksmith and that he won't fight him at all now—20 rounds or any other kind. Johnson in a rage said: "They come here and try to make a match and then go about misrepresenting me. Now I'm through with Mr. Kaufman. I was willing to do anything that was right by him when I had the talk with Harvey. It has been an accommodation match from the beginning. I was willing to let him cut in on the Ketchel match just to please Delaney and the public. No champion ever did that before. I was the one taking the chance, not Kaufman."

"And let me tell you why I call it off. Harvey and I got along very nicely. I was ready to sign for 90 rounds when I asked for a 5 per cent bonus from him, a 10 per cent bonus from the club and 50 per cent of the moving pictures. Then Harvey said that he couldn't do business along those lines, as he was only a third party."

"Well, I am not doing business with third parties. When a man is sent to me to represent a fighter and a club I expect him to have the power to act. So it's off, and I'm mighty glad of it. Next Tuesday night I'll fight Tony Ross in Pittsburgh."

MAILES DEFEAT TEAM FROM ST. LOUIS, 2 TO 0.

The baseball game yesterday, between the Maile and St. Louis team, resulted in a win for the former bunch by a score of 2 to 0. It was a good game right through, and quite a number of fans attended at the league grounds to watch the landmen and sailors try conclusions on the diamond. There were only two errors and two hits made during the game, and the class of ball put up by the boys from the warship was very good.

The line-up and score was as follows:

SOCCER TEAM IN GOOD FORM AND PLAYING WELL.

The soccer players had another practice last evening and some real good form was shown by the men. Fernandez has spared no pains in getting the team into the best possible condition, and there is no doubt that our representatives will make the Hilo team play all they know if they want to win.

Yesterday play started at 5:15, and was continued for an hour or so, and during that time all the various combinations of play were worked out with great success.

Dwight was not able to turn out yesterday, and his services were missed a lot. Greig, Chillingworth, Norton and Ziegler showed good form, and the rest of the players also did well. The team as a combination is as good as any we have sent to the big island, and that is going some.

The players who will make the trip are as follows: R. & H. Chillingworth, Greig, Dickinson, Scott, Ziegler, Dwight, Desha, Fernandez, Brown, McCauley, Norton.
